OUTDOOR WOOD FURNACES, WOOD BOILERS, AND WATER TO AIR HEAT EXCHANGERS

Alternative Heating & Supplies has all the parts you need for your outdoor wood boiler and indoor wood furnaces. We have maintenance supplies and replacement parts, including fans, wood boiler treatment solutions, [heat exchangers](#), vents, valves, and tanks. If you want to be self-sufficient and fix your outdoor wood boiler, outdoor wood furnace, or outdoor wood stove by yourself, be sure to visit our [resources page](#) for a “how to” instructional and learn what products are best to purchase.

Browse our website to discover many different manufacturers such as WoodMaster, Heatmor, Central Boiler and many more. We also have a wide range of parts including pump sentry, circulating pumps, pex tubing, PVC fittings, and additional outdoor wood boiler parts that will help keep your wood boilers running efficiently.

You can count on Alternative Heating & Supplies to provide [wood furnace parts and accessories](#) at great prices. Our customer service representatives are available to answer any of your questions to ensure you get the right parts for your job. And if you need professional help, we carry a wide range of parts to assist in your installation and maintenance of your parts.
